ECONOMY IN COAL

Reduced Lump Coal stands for economy in coal value. All lump coals have a large percentage of dust which are **PRACTICALLY WASTED**. The dust in **FUCHUN'S** lump burns as good as the lump itself. Fuchun's lump coal burns gradually and is therefore a decided **ECONOMY**.

STILL GRAVE

LATEST CONSTANTINOPLE NEWS.

ANGORA DETERMINED.

LONDON, November 8

Contrary to reassuring reports in London to the effect that Ra'at Pasha yesterday expressed readiness to cancel the projected military and economic measures in consequence of the Allied generals' objections, to night's Constantinople news reports that a telegram from the Angora Government reiterates the demand for allied evacuation of Constantinople and removal of the Allied warships.

The demand declares the presence of troops and warships is incompatible with Kemalist administration of Constantinople.

MARTIAL LAW COMING

CONSTANTINOPLE, November 8.

The telegram from the Angora Government was in reply to the last Allied note.

PARIS, November 8.

Allied proclamation of martial law in Constantinople can be expected shortly.

AMERICAN ELECTIONS.

DEMOCRATIC TIDE STILL RISING.

REPUBLICAN MAJORITY THREATENED.

NEW YORK, November 8.

Election returns up to the present show that the Republican majority of 24 in the Senate has been reduced to 16. There are indications of further reductions.

NEW YORK, November 8.

The Democratic tide of the Congressional elections continues to rise throughout the country and President Harding's great Republican majority is threatened with extinction. Some of the most prominent figures in the Republican administration have been defeated.

PRESIDENT'S FRIEND DEFEATED.

Senator Lodge, of Massachusetts, has apparently been elected, but he ran far behind the Republican ticket. Senator Frelinghuysen, of New Jersey, an intimate friend of the President has been beaten by the Democrat Edwards who openly espoused the "wet" cause. Beveridge, of Indiana, who is regarded as a possible Republican candidate for the Presidency in 1924, is still behind his democrat opponent for election to the Senate. Senator Reed, of Missouri, has again been elected to the Senate. The Socialist, Victor Berger, of Wisconsin, has been elected to the House of Representatives, thus making up for the defeat of Meyer, London, the only Socialist member. The Republican, Miss Alice Robertson is the only woman Congress member defeated by a man. Mrs. Winifred Huck, of Illinois, has been elected to fill her father's unexpired term in the House of Representatives. She will only sit till March.

LATEST RETURNS.

NEW YORK, November 8.

The latest returns are 178 for the Democrats and 171 for the Republicans. One Socialist has been elected. All the gains continue to go to the Democrats and all the losses to the Republicans. Twenty states up to the present have completed voting.

NEW YORK, November 8.

The *New York Times*, in a leader, attributes the Democratic successes in the elections chiefly to opposition to the new tariff.

A Democratic organ, the *World*, asserts that Calder, the defeated Republican candidate for New York, invited a referendum on the tariff and adds: "He got his referendum."

"WET" VOTES.

NEW YORK, November 8.

A referendum has been taken in Illinois showing heavy majorities in favour of legislation of the manufacture and sale of beer and light wines, the vote running three to one for modification of the Prohibition Act. A similar amendment was also leading in Ohio.

Mr. Volstead (Minnesota), father of the Prohibition Act, has apparently been defeated in the Congressional election. This opponent however stood for an even drier platform than did Volstead.

DEMOCRATS' NEW STRENGTH.

WASHINGTON, November 8.

The House of Representatives elected members at present number 192 Republicans, 191 Democrats and one Independent.

ALLEGED HIGH TREASON.

RUSSIAN STUDENTS ARRESTED.

WARSAW, November 8.

A message from Moscow states that 1,200 students at military schools at Moscow, Petrograd, Toulon, Tver, Kazan, Orenburg, etc., have been arrested on charges of high treason and will be court-martialed. A number of officers have also been arrested on charges

AMATEUR DIPLOMACY.

CURZON CRITICIZES LLOYD GEORGE.

KEMALISTS' INTOLERABLE PERSISTENCE.

LONDON, November 8.

Lord Curzon speaking at a meeting in the Cannon Street Hotel, said Mr. Lloyd George's record would be inscribed in lasting letters but some of his actions had not been helpful to the Foreign Office, notably his manifesto on September 15 appealing to the Dominions which had been issued without the knowledge of himself (Lord Curzon) or the Cabinet. The expert work of the Foreign Office should be performed by the trained staff subject to Cabinet control without interference from amateurs, however brilliant.

"Our foreign policy is now the Empire's, not merely Britain's. Co-operation with the Allies is necessary on questions of reparations and the Near East. An Anglo-French entente is more valuable than any written pact."

CHALLENGE TO EUROPE.

Lord Curzon still hoped for settlement of the reparations question by agreement. Settlement by force would be impracticable.

The pretensions of the Kemalists were intolerable. They were an affront to the Allies and a challenge to Europe. He trusted the unity of the Allied authorities at Constantinople, whose request to establish a state of siege had been endorsed by the British and French Governments last night would be maintained. Britain was prepared to contribute to the maintenance of unity, but if that unity were broken owing to the action of our own we were not able to support the situation. Therefore he appealed to the Allies to maintain the policy of common action and strengthen the hands of the Government in defending the honour of the flag and the peace of Europe. The Turks must learn there is a limit to concessions and that the strength of Britain and the might of Europe are the rock on which they had themselves in vain.

EXCHANGES DEMORALISED.

FRESH LOW RECORDS.

POLITICAL TROUBLES BLAMED.

LONDON, November 8.

There is acute demoralisation in the foreign exchange market. Fresh low records are attributed to unsatisfactory news regarding stabilisation discussions at Berlin and further substantial increase in German paper money together with developments at Constantinople.

French francs were 73.50 and Belgium currency 78.90. German marks were 43,000, all sellers.

There is much weakness in the French franc due to apprehensions with regard to the precise effect of any prolonged German default in the matter of reparations payments.

CROSS RATE IMPROVES.

LONDON, November 8.

The final rate for German marks was 47,000. French francs were 73.20 and Belgium 79.70. On the other hand New York on London improved to 4.46.

DUBLIN BATTLE.

REBELS ATTACK BARRACKS.

TWO-HOUR FIGHT.

LONDON, November 8.

One Free State soldier was killed, twenty were wounded, several irregulars were wounded, six were captured, a civilian was killed and a little girl was wounded in a 2-hour battle at Dublin following the irregulars' attack on Wellington Barracks which were occupied by Free State troops.

While the Free State men were parading in the barracks square, the irregulars poured in machine gun and rifle fire from the house-tops on the canal bank, mowing down many troops. The others took cover and replied to the fire. Free State reinforcements rushed up from Roskello barracks and surrounded the district. The inhabitants were panic-stricken.

HONGKONG, THURSDAY, NOV. 9, 1922.

This long time while the world has been engrossed with other problems, Ireland has suffered her daily tale of murder and incendiarism. Early this week, it appears, the blood-wearing populace had eagerly clutched the hope raised by rumours of peace negotiations between De Valera and the Provisional Government. They were speedily disillusioned, however, for De Valera lost no time in making the position clear. The principles of Republicans were defending no class, were by their very nature irreconcilable and not susceptible to compromise. Therefore it was

Strait's papers record the death of Mr. J. W. Dossent, an event not altogether unexpected, as he had been an invalid for about three years. Mr. Dossent had lived in the Straits' for about sixteen years, being in the service of Messrs. Kelly and Walklate, to 1917, when he went into business on his own account. He was about 60 and with the complaint which debilitated him from any further participation in affairs, and it was hardly to be believed that he survived so long. He was forty years of age and leaves a widow and two children. For many years he took a prominent part in A. D. C. productions and he possessed gifts as a comic painter which were in much request.

The death occurred last week at Batu Gajah Hospital (F.M.S.) Harold Ludlum. He had been here for some time and had latterly been with his daughter, the wife of Evans, manager of Sengkat Ipoh. Deceased was 61 years of age. He had lived for many years in the Straits and was a widower with children. In the early eighties he came to Batu Gajah to find employment as a broker. He was intimately connected with Malay trading and in his own owned several acres.

COMPANY MEETING.

CHINA LIGHT AND POWER CO.
(1918) LTD.

INCREASE OF CAPITAL.

The fourth ordinary general meeting of the China Light and Power Company (1918) Ltd. was held this morning. Mr. R. G. Shawan presided and there were present: Dr. J. W. Noble (Director), Mr. Poon I Cho (Secretary), and the following shareholders: Messrs. E. M. Ellis, A. S. Ellis, A. A. Cordeiro, J. Coppin, A. A. Botelho, J. M. Alves, S. F. Chubb and W. J. Hawker.

Before the ordinary business of the meeting was begun the Chairman said he felt he must apologise to shareholders for the appearance of the notice concerning the Company in the morning's newspapers. It was not intended, he said, that the notice should appear until the reasons for it had been laid before the shareholders and received approval. Owing, however, to a misunderstanding about the dates, the notice had appeared rather prematurely and he could only express the directors' regret that this had occurred.

Proceeding, the Chairman said: Gentlemen,—We lay before you a Statement of Accounts for the twelve months ended 30th September 1922 which, unless any shareholder objects, we will dispense with reading, as it has been in your hands for some days already.

Our income for the years has increased from \$220,830.97 to \$266,687.92, an appreciable improvement, and we propose to deal with the balance at credit of Profit and Loss Account, \$132,605.68, by writing \$25,000 off Goodwill Account (bringing it down to \$25,000), placing \$7,005.68 to credit of Bad and Doubtful Debts Account, and paying a Dividend of 50 cents per share on 200,000 shares absorbing \$100,000.

Our business, I am glad to say, continues to make steady progress and the number of units sold was 5,341,830 against 4,464,290 last year, an increase of 20 per cent.

As to the future we think there need be little doubt about that; the population of Kowloon is increasing rapidly as you know, and large building operations are going on, from which this Company must benefit.

Now with regard to the Accounts and our financial position, I said last year that some adjustments would have to be made in book values owing to the exchange of the old site and station for a new site etc. This has been done and the amended figures are now before you and represent only the new property belonging to the Company; the values of the old site and station have disappeared altogether. The new site has been valued by Mr. Mowbray Northcote at the conservative figure of \$2 per sq. foot, and the gain of \$92,599.83 in the book value has been used in depreciating the values of buildings and fixtures and Overhead Mains, as these items suffer more severely from wear and tear than the others.

Goodwill will soon be at a nominal amount and the other figures shown in the Balance Sheet will represent a brand new light and Power station much below what it would cost today to install at the present prices of building and labour.

As you will see, we are heavily in debt, Delinquents and Overdrafts totalling about \$750,000 which will be increased to \$850,000 on payment of the Dividend. This is too large a debt for a Company with a Capital of only one million dollars. We therefore propose to obtain further Capital by the issue to shareholders of 100,000 new shares at \$5, at a premium of \$5 per share, or \$10 in all, which we propose to call up as follows:—

\$2.50 per share payable on 4th January 1923.
\$2.50 per share payable on 5th April 1923.
\$2.50 per share payable on 5th July 1923.
\$2.50 per share payable on 27th September 1923.

I now propose that the Report and Accounts as presented be adopted and passed and the profit for the year be distributed as proposed. When that has been seconded I shall be pleased to answer any questions from shareholders.

Dr. Noble seconded the resolution and it was carried unanimously. The retiring directors, the Hon. Sir O. P. Chanter C.M.G. and Messrs. H. E. White and A. H. Compton were re-elected and the appointment as Director of Dr. J. W. Noble was confirmed, on the motion of Mr. A. A. Gato re-seconded by Mr. F. M. Ellis.

Messrs. Linstead and Davis and Messrs. Lowe, Bingham and Matthews were re-elected auditors, on the motion of Mr. A. A. Botelho seconded by Mr. A. A. Cordeiro.

MARTIAL LAW ORDER.

General Ho Ying-chin has issued warrants for the arrest of two Pootung strike leaders. He has also issued a proclamation that the strikers are subject to martial law. All meetings will be dispersed by the police. It is expected the B.A.T. strike will soon be settled. The Japan China Cotton Mill strikers have not yet made overtures to the management regarding a settlement.—*Reuter.*

VALUATION OF PUBLIC PROPERTY.

PEKING, November 9.

When the Sino-Japanese Commission sat this morning, the Chinese sub-committee on public properties presented a table of valuations of properties under the control of the Tsing Tao military authorities to which the Japanese promised to reply later.

The Chinese brought up a proposal for procedure of withdrawal of Japanese troops from Tsing Tao and stationing Chinese police there. The Japanese postponed their reply.

The Japanese proposed to discuss the land question as it had been brought up at the tenth meeting. The Chinese expressed readiness when they received the report of the sub-committee of public properties thereon.—*Reuter.*

ARMS FIND.

ARRESTED AUSTRALIAN: AGAIN REMANDED.

Owen James Smyth and William Pitts, who were arrested in connection with the discovery of a large quantity of arms and ammunition at the King Edward and Palace Hotels, were again before Mr. E. W. Hamilton this morning.

The Magistrate said that the first Magistrate, Mr. J. R. Wood, had definitely decided to hear the case himself. He therefore gave a formal remand until next Thursday.

Bail in the sum of \$3,000 for Pitts and \$1,000 for Smyth was extended. In connection with the same case, the two Chinese and the "mysterious" white man with a Chinese name, were also remanded until next Thursday. Their bail in the sum of \$1,000 each was extended.

Recently, three steamers left Bangkok for Swatow, the "Bintang," the "Dofar" and the "Kiangsu." Each steamer had a good number of Chinese dock passengers. The "Bintang" over 600, the "Kiangsu" over 300 and the "Dofar" roughly 100. As the outcome of competition, says the *Siam Observer*, the fares have been reduced, and a deck-passenger can now travel from Bangkok to Swatow for Ten, 7.50 instead of Ten, 15. One of the results doubtless will be the departure of many Chinese for their own country, and it will be interesting to see if this eventually has any effect on the Chinese population in Siam.

Beware of bogus imitations. No Tansan is genuine

Unrivalled as a drink. Mixes well with Wines, Spirits or

Milk.

Tansan raises the spirits and excites sanguine anticipation

even as a flagon of wine exhilarated the monks of old.

For the good old fruit of reds grey

Would have waived the flimsy of wicks away

And consoled himself as he sipped and

With bubbling, sparkling, cool Tansan.

New York, November 7th.

Up to the present the Republicans have not gained a single seat at the expense of the Democrats in the House of Representatives, whilst the Democrats have won twenty-eight, but they must gain nearly eighty in order to upset the republican control.

The Senate returns show one Democrat gain, which is offset by the notable defeat of Senator Hittchcock in Nebraska.

LONDON, November 8th.

At the annual meeting of the Rubber Shareholders Association the Chairman (Mr. Zora) welcomed the restricted measures to ensure the stabilization of price, but declared that the real goal was to increase consumption concerning which the association was planning extensive propaganda. LONDON, November 7th.

At the meeting of the Rubber Shareholders' Association, Mr. Zorn pointed out that a big demand for latex is likely, not only in connection with the new process for paper making, but also in various other directions.

MORMON MARRIAGES.

STORIES FROM UTAH.

First-hand knowledge of Mormonism as practiced in Salt Lake City was given to a large audience of women at Cardiff by Mrs. Loveland Shepard who had lived in the Mormon metropolis for twenty years.

She has attended many meetings of the sect, and has had the secret workings of it explained to her by a member.

"The Mormon Church never plays square in anything," she said. "I never speak but I have Mormon spies present. The Mormon Church was only 92 years old, yet it had grown tremendously because it did everything underhand. Every year 5,000 young Mormon missionaries went out into the world to teach their doctrines, and as a result of their success they were allowed to come back, become high priests and take unto themselves 10 wives."

"At present there were no fewer than 90,700 high priests! The Mormon missionaries abroad always appealed to the women who the men were out, and especially to girls. They wanted young girls who could bear children for the Mormon Church. Within the last 20 years they have taken 20,000 girl converts to Mormonism."

"An English girl would be out of a position here. The Mormons would pay her fare to America, find her a position, and then take from her pay every dollar they spent on her, and she found herself in slavery."

"There were several ways of marriage according to the Mormon doctrine. If a man married a virgin he married her for life and eternity, for in the spirit world they went on together just the same, bearing spirit children as in this life."

"If a man married a widow he only married her for this life, and at death she went back to her first husband, and all her children were his to people his planet, for after death Mormon men lived each on a planet with their wives."

"If a man wanted to keep a widow for himself at death he could get a divorce for her from her dead husband for 10 dollars. Then, again, there could be a marriage of eternity. A little girl dying would be married to a man and their spirits would live together."

"Mormon marriages were revolting affairs in which both bride and bridegroom had to be bathed, their bodies anointed, and then clothed in secret garments which had always to be worn next their skin. They had to swear to believe in polygamy."

CHINA'S LITTLE WAR.

POSITION MORE COMPLEX
THAN EVER.

(From Our Own Correspondent)

CANTON, November 9.
Ex-Tsuen Li Hui's cause has
waxed considerably in Fukien.
His a-bomb Koo Chuen ching has
dominated Amoy since the beginning
of the trouble, but on Tuesday night
some of his troops surrendered their
rifles to C.ang Tee ping after a one-
sided fight. It is heard from an
authentic source that there are over
two hundred wounded in the hospitals
in Amoy as a result of the skirmishes
in the vicinity during the last forty-
night. Originally, Chung, although
not declaring his side one way or the
other, made no move against Koo. The
split has caused a panic in Amoy
and business is entirely suspended.
Taking advantage of the diversion in
Amoy, Wong Tai-wai, who is leading
the vanguard of the Northern Ex-
pedition now advancing on Kwang-
tung, attacked the remnants of Li's
army at Ching Chow. The fight
lasted several hours and the Cantonese
proved victorious, claiming to have
taken two thousand rifles and a
large quantity of stores, though this
is probably exaggerated. An American
gentleman who witnessed some of the
fighting around Amoy states that the
Kwangtung troops, though badly
equipped, displayed great tenacity
and stubbornness. On the other hand,
the Fukien troops were very reluctant
to give battle. Isolated cases have
occurred of determined resistance to
the invader but attempts to fraternize
seem to be the rule rather than the
exception.

Chang is claiming the Tsuen-shun
of Fukien. His split with Koo renders
the situation more complex than ever.
When he will ultimately side with
difficult to ascertain, but his present
attitude will only prolong the fighting.
An unconfirmed report has reached
Canton to the effect that General Li
returned to Fukien making a quiet
landing in Amoy. This was followed
by a later report to the effect that
both Li and his lieutenant, Koo, had
boarded a Japanese ship bound for
the North.

"Little Hsu," otherwise Hsu Shu-
chuan, called a meeting of the
influential members of the Fukien
community on the 6th and ad-
vised them to support Lin Sun as
Civil Governor and Wong Wing-chuen
as Commander in Chief, both of them
being capable men and natives of the
Province. He subsequently explained
that his presence in Fukien might
give a false interpretation to
the present movement
which was purely provincial.
To prevent misunderstanding he
would return to Anhui. Hsu then
boarded a Japanese steamer. He
arrived in Shanghai on the 6th and
immediately proceeded to Anhui.

General Chen Chuang-ming's ex-
pedition against the pro-Sun forces in
Fukien is still being pushed forward.
It is expected that the expedition
will be divided into three groups
who have to enter Fukien simultane-
ously. Ching King tong had been
ordered to attack Fung Shi, via Tai
Po, with Sheng Hong as the final
objective. Wong Fung-tan is to
branch off from Chung at Tai Po
and his objective is Wing Ding. The
main force of the expedition under
Wun Key is making for Shiu On
where, it is taken, will form a "jump-
ing-off point" for action on a larger
scale. The opposing sides are near
Sheng Hong where patrol skirmishes
have already been reported.

Mr. Somerset Maugham, novelist
and playwright, has arrived at
Bangkok from Ceylon with the inten-
tion of making a prolonged tour in
the Shan States, crossing the Salween
and eventually making his way via
Chiangmai to Bangkok. Mr.
Maugham, last year, visited the
Malay States and Java. With him
is the Calcutta Englishman is Mr.
Lunt, a young American, who
arrived in the British Navy during the
war and accompanied Mr. Maugham
and his previous tour. They visit
Maymya, Mandalay, and Pagan be-
fore starting on their regular tour,
which will take quite sixty days from
Taunggyi.

EDUCATION GRIEVANCE.

QUARRY BAY PARENTS MEET.

CENTRAL SCHOOL NEEDED.

A meeting of parents was held at
Taikoo last night to discuss the re-
marks made by Mr. N. T. T. T. T.
Mackintosh, Registrar of the
University, at Monday's Education
Board meeting, regarding Victoria
British School.

The opinion was expressed that Mr.
Mackintosh's remarks "undoubtedly
bore some resemblance" to a slur upon
Taikoo parents and children and
general feeling declared Mr. Mac-
kintosh ought to make his meaning
more explicit.

One speaker said that Quarry Bay
residents felt aggrieved because the
Victoria British School administration
for several years past had been un-
stable and inefficient. They felt that
the personnel had been too many
changes, likewise the teaching
methods. The latter meant the
frequent purchase of new books.
These had often been discarded after
being used for a very short time, and
in some cases were never used at all.

Quarry Bay parents realized, he
continued, that children of varying
ages and at intervals could not be
catered for at the very door, but
they felt it was easily practicable to
have a central school, with in reason-
able distance, able to give boys and girls
education equal to the standard in
Home secondary schools. This school
would, they believed, command the
respect and support of most British
residents and prove a great boon to
local education.

A PARENT'S VIEWS.

(To the Editor of the China Mail.)

Sir,—As a parent I am interested
in education and I dare say I could
answer the following three questions
which a parent has placed before the
Director of Education:—

(1) Why are the teachers of Victoria
School being continually
changed, there having been at least
five Principals during the last two
and a half years?

(2) Is it the case that a number of
children have, within recent years
left the V.B.S. and are now attend-
ing the French Convent?

(3) Why do many British parents
send their children to Diocesan and
Convent schools, in preference to
Victoria and Kowloon British?

Doubtless, though, the Director of
Education will give some answer
satisfactory from his viewpoint, but
what of the parents here? Have they
no voice in the matter? I am afraid
not. They are victims of circum-
stances. Never mind, though, they
have means of reaching the
Home Parliament and having ques-
tions asked there, if necessary.

No doubt the Director of Education
will place before the Board figures
showing the Victoria British School
does not pay, and perhaps has not
paid its way for years. I have heard
that excuse advanced. What
rot! Whoever heard of schools being
considered upon the same basis as a
drapery store? To my mind, British
education is a national asset and
should be considered purely on that
basis.

I know of some children of tender
years who have to be up almost with
the lark in the morning get breakfast
and catch a launch at 8 o'clock. They
travel from Quarry Bay to school at
Kowloon and are away all day, re-
turning back by launch about 4.30
p.m. having had nothing but a few
sandwiches since the early morning.
—simply because the Director of
Education cannot see his way clear to
have a teacher at the V.B.S. capable
of taking them. The health of these
children runs a grave risk of being
undermined as they have no chance
to get proper and regular meals.
—most regrettable thing for growing
children. I consider this a crying
shame and a disgrace to any gov-
ernment knowingly tolerating it.

INTERPORT GOLF.

YESTERDAY'S BIG MATCH.

EASY WIN FOR HONGKONG.

The interport golf match between
teams representing Manila and Hong-
kong was played at Fanling yester-
day, in the presence of a large gather-
ing of interested spectators, who
followed the players around the
course. The match resulted in an
easy win for the home team by 11
points to nil, but it was by no means
a one-sided affair. All the games
were keenly contested, and the fact
that the Manila men were playing on
a strange course, contributed to
their defeat. Their golf was
exceedingly good, and had
the match been played on neutral
ground, the result might well have
been reversed.

Although they had had only three
days for practice, the Manila men
played steady golf in the morning,
and adapted themselves surprisingly
well to the peculiarities of the course.
In the afternoon, however, they failed
to sustain their excellent form, and
several players became somewhat
erratic in their driving and weak on
the greens. With the Hongkong men
playing steadily, their fate was sealed.

B. D. Crawford Morgan was Hong-
kong's "star" performer. He beat
his opponent, Mr. Neil, by four up
and three to play, finishing the course
with an approximate score of 77,
which is two under-bogey. All the
other players were in the eighties.

The Hongkong men greatly im-
proved their form in the afternoon,
and Buckland and Stewart
went round in approximately
76. T. W. Hill, the Captain of the
team, played his best game in
partnership with Crawford Morgan.
He scarcely made a mistake and was
brilliant at times. E. J. R. Mitchell
was also above his usual form and
went round in 77.

INTERPORT SPORTSMEN.

GOLF CLUB DINNER.

FRAISE FOR FANLING.

The interport sportsmen who are
visiting Hongkong—the golfers from
Manila and the cricketers from Shang-
hai—were the guests of the Royal
Hongkong Golf Club at a dinner held
in the Hongkong Hotel last night. Mr.
T. W. Hill, the Captain of the home
golf team presided, and had on his
right and left respectively Mr. John
Grieve, of the Manila team, and Mr.
G. M. Billings, the Shanghai Captain.

After the visitors had been played
in by Mr. J. B. Ross on the
bagpipes the company sat
down to an excellent dinner.

When the loyal toast had been
honoured, the Chairman said it was
his privilege to propose the health of
the first team of Manila golfers to
visit the Colony. If all teams from
Manila were composed of as fine
sportsmen as the present one, Hong-
kong would welcome them as often
as they could come (applause). They
were very pleased, also, to welcome
a team composed, half-and-half of
British and American players, and if
the relationship that appeared to
exist between them subsisted between
members of the two nations generally,
he was sure there was nothing
wrong with British and Ameri-
can relationships, and never would
be (applause). "Now we know
each other," said Mr. Hill.

"I hope this will become an
annual event, if not a biennial
one." The Chairman added that Mr.
R. J. Harrison the President of the
Manila Golf Club, who was passing
through Hongkong recently men-
tioned that there was a possibility of a
Yokohama team visiting Manila in
February. He (the Chairman) said a
Shanghai team was visiting Hongkong
at that time and Mr. Harrison pro-
posed that Hongkong should take the
Shanghai team down to Manila and
make a Four Port game (applause).
Perhaps Mr. Grieve would discuss the
matter with the Shanghai Club when
he was up there. It was certainly a
very attractive invitation (applause).

The Chairman proposed the health of
the Manila Golf team, coupled with
the name of Mr. John Grieve, the
captain.

After the toast had been honoured
with enthusiasm, Mr. Hill proposed the
health of the Shanghai cricket team.
This also was drunk with musical
honours.

Responding on behalf of the Manila
golfers Mr. John Grieve congratulated
Hongkong on the beautiful course
at Fanling. Some of the Manila
players would, he opined, feel rather
disappointed with their own course
when they got back to Manila and
would want to bring it up to the
standard of excellence of the course at
Fanling. The members of his team
had enjoyed themselves thoroughly,
"like lords" and everything had been
done for their comfort in every way.
He hoped that if the Four Port meet-
ing was arranged they might be able
to return some of the generous hos-
pitality shown them in Hongkong.

At Mr. Grieve's invitation the
Manila team enthusiastically toasted
their hosts and then two other Manila
golfers Mr. E. J. Neil and Mr. A. D.
Gibbs made brief speeches. Mr. Gibbs
declared that the "Royal" club had
given them a "royal" time. He ex-
pressed the opinion that there was no
other golf course in the Orient on a
par with Fanling, with the possible
exception of the one at Baguio. He
hoped that some day the Manila club
would have the pleasure of entertain-
ing the most numerous contingent of
Hongkong golfers that could be
gathered together in Manila. "The
more who come" concluded Mr.
Gibbs, "the merrier."

Mr. Billings thanked the gather-
ing for the manner in which
the Shanghai team had been treated
and the Golf Club for inviting them
to the dinner. "I do not know,"
said Mr. Billings amidst laughter,
"whether any of the Shanghai team
are golfers. Personally, I don't
really play golf. I go round, and I
hope when I get a little older to
take the game up." "Gripes of
"shame", Mr. Billings claimed that
at any rate he had considerably
enriched the game of golf be-
cause he had bought several
balls and three sets of clubs
and his friends had borrow-
ed them all, assuring him that
they were much safer with them than
with him (laughter). Mr. Billings
remarked that the present assembly
was one of sportsmen from places
1500 miles apart, met together in a
common centre of sport—Hongkong.
He asked the Shanghai men to drink
the health of the Hongkong Golf Club.

During the evening, with Mr. F. H.
Farthing at the piano, a very
pleasant function was rounded off
with song and story, besides an occa-
sional recrudescence of the bagpipes.

WIRELESS FOR THE DEAF.

MEDICAL EXHIBITION
WONDERS.

The number of nerve tonics and patent foods to be seen at the Medical Exhibition which opened for a week in the Central Hall, Westminster, S.W., is symptomatic of the pressure of the age in which we live.

Preparations in which quinine and hypophosphites figure are legion, there is a tasteless variety of cod liver oil guaranteed not to offend the most fastidious stomach and for those people whose digestions are so sensitive even for papa chemists have prepared a compound which they claim will reproduce all the essentials required.

Doctors from all parts of the country will visit the exhibition to acquaint themselves with the latest products of chemical laboratory and the newest wonders in surgical appliances. It is not an exhibition of the general public, and the few visitors from outside the medical profession come away with the feeling that it is just as well that prospective patients do not see the array of glittering instruments which adorn some of the stands.

RE EDUCATING THE EAR.
The use of wireless telephony for the relief of deafness was demonstrated at aural surgeons. In people hard of hearing one ear is usually worse than the other, and the whole of the work falling on the better ear strains it and causes further deterioration. This is particularly the case in progressively increasing deafness.

In the work of "re educating" the ear in which the deafness is more pronounced anxiety have depended hitherto on an instrument making simple noises, but wireless telephony has now been enlisted in the service of the specialist. The head-piece of an ordinary receiving set is connected to the dull ear, and in this way it is stimulated by the human voice without any strain being imposed on the other ear. The apparatus is exhibited by Mr. W. H. Pottier, 11, Victoria Street, S.W.

Neat portable apparatus for assisting the deaf is shown by other firms. There are sets which can be carried in a variety bags, slipped into the waistcoat pocket, or hidden from sight under the tie. One Peer regularly follows the debates in the House of Lords by means of a table outfit such as is recommended for deaf bridge players.

Doctors were much interested in the Static-Wave Device of Messrs. T. Clarke and Son, Marylebone Lane, W., for regularizing the beat of the heart if it should be either too fast or too slow. The patient sits on an insulated chair connected with an electrical machine from which a current passes into his body.

There is a revolving ball which can be tuned to any number of revolutions a minute, and every time this passes a fixed ball the electricity is discharged from the body, relaxing all the muscles.

If the heart should beat naturally at 74 per minute but is beating at 80, the ball is timed to make 74 revolutions, and thus the heart is brought back to its normal rhythm. The number of vacuums increases. Nowadays one can be vaccinated against whooping cough, rheumatism, a cold in the head, or influenza. Non-toxic vaccines, which are the latest product of the laboratory, have the great advantage of not producing any reaction in the patient. These Daccol vaccines are shown by the Drug and Chemical Corporation, Lower Kensington Lane, S.E.

HONGKONG TIDES.

The tide-table given below has been compiled at the National Almanac Office in London from the results of the analysis of observations taken by means of an automatic tide-recording machine in the water Police Basin at Tsim Sha Tsui during the years 1909-9.

The zero of the table corresponds with the zero of the sounding in the Admiralty Chart, which has been found to be 4 feet 1 inch below mean sea-level.

To obtain the depth of water on the tide gauge at the Victoria Naval Yard add 2 feet 4 inches, and on the gauge at Lamont Dock, add 10 feet 4 inches to the height given in the table.

ADrift IN THE ICE.

SCHOONER BEING CARRIED
TOWARDS THE POLE.

Mr. Vilhelm Stefansson, the Canadian Arctic explorer, now in New York, has heard that the schooner "Teddy Bear," which he sent from Nome, Alaska, a month ago to take supplies to his expedition on Wrangell Island (off the north-east coast of Siberia), is caught in the ice off the Siberian coast and is being carried away to the North West.

The party at Wrangell Island was despatched by Mr. Stefansson at his own expense to claim the island for the British Empire. He is not concerned as to their safety since he says that they are supplied with ammunition and can shoot enough food to keep alive.

CANTON NEWS.

GOVERNMENT'S FINANCIAL
WORRIES.

Canton, November 8.

Chung San-nam, the Chief of the
Finance Department, has received
information from his representative
in Shanghai stating that Sun has
instructed C. C. Wu to protest against
the foreign loans. Official circles feel
that if there is further delay the loan
might fall through. As funds are
urgently needed for the Fokien Ex-
pedition Chang has ordered the dis-
trict magistrates to remit revenue
due. The biggest districts have each
to remit \$30,000 immediately; the
others \$20,000 and the very small
districts \$10,000. All monopoly con-
tracts have to pay one month's taxes
in advance. There is a considerable
amount deposited with the Kwang
tung Courts in connection with
litigation not yet concluded. General
Chen Ching-ming has asked for the
temporary use of the funds and
\$60,000 was remitted to the Kwang-
tung Provincial Bank yesterday.

The Canton Mint has suspended
operations owing to the difficulty in
purchasing silver. This is due to the
high premium on Hongkong notes
which have to be paid for the silver.
The cessation of minting has caused
further depression in the money
market and to-day the Provincial
notes are only nominally quoted at
60 per cent. with very few buyers.

SATURDAY'S "POPPY
DRIVE"

A distributing base in connection
with the Armistice Day "Poppy
Drive" is to be established at
Volunteer Headquarters where the
members of the organising committee
will be busy all day to-morrow
arranging the final details of the
campaign. The telephone number is
Central 240 and anybody who wants
assistance or information in connec-
tion with the "Drive" is requested
to ring up and ask about it.

KOWLOON DANCES

The "Empress of Canada's" jazz
band is to play at the special dance
which is to take place at the Kowloon
Theatre this evening. The first fancy
dress dance of the season is
announced for next Tuesday,
November 14.

HOW TO KEEP WELL IN
WINTER.

Do not let your blood get thin this
winter. For people who have a tendency
to ward anæmia, or bloodlessness, winter
is a trying season.

As soon as you notice the tired feeling,
lack of appetite and shortness of breath
take a short treatment with Dr.
Williams' pink pills. Do not wait until
the color has entirely left your cheeks,
until your lips are white, your eyes dull
and your ears like mother of pearl. It is
so much easier to correct thinness of the
blood in the earlier stages than later.
Dr. Williams' pink pills build up the
blood and strengthen the nerves. In
this way the general health is improved,
the appetite increased, the digestion is
strengthened, and new ambition and
energy are developed. Work becomes
easier because it does not cause ex-
haustion.

Keep your system at its highest effi-
ciency with Dr. Williams' pink pills. The
great blood builder and nerve tonic.
Your own druggist can supply you, or
you can obtain the pills direct from the
Dr. Williams' Medicine Co., 60 South-
avenue, Shanghai, one bottle for \$1.50, six
for \$7.50, free. For further
booklet "Health and Health" will be
sent to you free in response to a postcard
request directed to the above address.
